

**Child Care Resource and Referral Agencies  
For the State of Georgia  
2004-2005**

**The Child Care Resource and Referral Agency (CCR&R) serves as a clearinghouse for childcare information throughout the state. The Mission of the CCR&R is to support the improvement of quality, availability, and affordability of childcare. Toward this end, the CCR&R provides a database for parents who are seeking childcare for typically developing children as well as inclusive environments for children with special needs. The CCR&R also provides training, technical assistance and quality improvement funds for child care professionals working with young children in their home, group home or child care center and a lending library for use by the community. In working to accomplish its mission, the CCR&R collaborates with early childhood and schoolage programs to meet the needs of children and families in their assigned region. The state of Georgia has CCR&Rs in 14 regions serving all 159 counties of the state.**

**Listed below you will find each location where you will be able to purchase  
A family day care home, group day care home or child care center  
Application packet.**
